I'm going to talk about the worst experience in my life. It was when me and my family decided to go to the attraction. I was so excited, because I really love being on attractions. Dear manager, I hope this mail reach to you because recently I visited your attraction and after all of them ~~was~~ ^{I wasn't} satisfied. Most of them were broken or even didn't work. ~~(so here is the)~~

First of all I want to say about the attraction's safety, in the queue I noticed that many of bolts was not fixed fully. It means they could be destroyed in any moment. Also I want to remind about cleaning, everyday employers should clean the seats because wherever I would go all of seats ^{and} would be dirty with cola or ice cream or sweat from sweaty people. So to fix this I want to recheck the most of the bolts and even buy the new ones because some of bolts was quite old and do the cleaning day.

Secondly, I want to add more attraction, because the last time when you added new attraction was seven years ago! So, I would prefer attraction like spinning machine or even shooting contests. I don't want to say that you are lazy or irresponsible manager, just want to know, that is the time to changing.

Lastly, with this ideas the attractions would be more impressive and safety compared to old one. I would visit you more with my family if you hear me. Good luck and thanks!

Dear the administration of school, I am writing to you in order to mention students' complains about the library facilities. Also, there are some ideas how our library can be improved in the future.

I should note that students really like an atmosphere in the library, because they can find a lot of available seats here at any time. In addition, an assistance near the entrance is very helpful. However, there are some things students want to change or improve.

As others say a quantity of books is not enough for pupils, also some of them noticed issues in a variety of books. I fully agree with it, because I have faced with these problems too. Firstly, it is true that a lot of new students have appeared this year, consequently demands for books increased as well. Pupils predict there should be added nearly 200-300 books, it can be copies of old ones and new books too. Secondly, debating about books' variety, they realized that it is quite hard to find a necessary book, because popular ones are always borrowed by other students. Therefore, the administration of school should pay attention to books' genres and learn more about favourite and interesting books among teenagers.

I wish you will take into account these suggestions for improvement!

~~For~~ Writing Topic 4

Surely, ~~our own~~ library is an essential part of our school, which provides ^{an} opportunity to take additional knowledge in a desired field. Books are conveniently located and everybody can find a specific book with relying on signs, which are settled all over the library. ~~It's comprehensivity~~. Moreover, it's comprehensively relevant for students ~~who~~ ^{to} acquire knowledge.

Nonetheless, library has a lot of lacks, which definitely must be solved. A majority of students consider library as a tidious ^{messy} place and it doesn't involve ^{reading} new young generations. Thus, I suggest you to conduct competitions with diversity of attractions, such as prizes or good grades. Furthermore, you ought to provide tremendous quantity of books to cover larger volume of consumers. Consequently, you will ~~have to~~ be forced to make a more accurate distribution of books to minimise waste of times. ~~In addition, library~~
In my opinion, library ~~has to~~ is obliged to involve ^{our school's} youngsters for establishing values of reading into shallow brains. With consistency ~~to~~ ~~committing~~ steps forward ~~(going forward, our library will become beneficial house of knowledge)~~ is the key of developing, so ~~we~~ consider it and hopefully, our library will become beneficial house of knowledge.

Writing

Our library is not that bad actually. But it needs some of the improvement.

Our library is not the best, but it got some pluses. The first one is that it has good diversity, and some of the inclusive books. The good diversity is showing in fantasy books especially. The second good thing about our library is that it has a lot of books, like 2000-3000 books. And that is probably it for the good part.

The worst part of our library that all books are old and in bad quality. Some of them are cut in half. So all the pluses was destroyed by this huge minus. The second minus is that our library is so small. It is not small actually but for 3000 books it is.

So try to fix the quality of books on our library would be perfectly fine.
